Annual Report for 2019

Good afternoon, fellow stockholders.

Allow me to begin by offering my condolences to the family of Mr. Eduardo Cojuangco Jr. The news of his demise came as a shock to us. He was a well-loved and respected leader who exemplified our core value of *malasakit* and guided us in making it a part of our everyday lives. We will miss him greatly.

COVID-19 is a crisis unlike any other in recent times, one that has no playbook for us to live by. While some companies are holding up just fine, others continue to fight for survival and quite a number have already failed. Every company faced its own unique set of challenges. Even your company was not immune to the effects of this pandemic.

But what was clear to us from the very start was that this pandemic is an opportunity for us to reaffirm the reason for our being, what our businesses stand for and why they matter.

As the parent company of San Miguel Corporation, we are especially proud of the contributions it has made to the fight against COVID-19 and how it was able to balance the need to both look inward and outward to a wider society, and how it can be part of the solution to the shared challenges we are facing.

What it has done from day 1 of the pandemic to this day was nothing short of amazing as it took care of communities and businesses closest to its home, those that depend on the company to survive and stay afloat in these trying times.

San Miguel’s response has been among, if not, the most aggressive, as it spent over P13 billion in terms of food and disinfectant alcohol donations to vulnerable communities, medical equipment and PPEs, free toll and fuel for medical health workers, building of emergency quarantine facilities for COVID-19 patients, assistance to the agriculture sector, advance tax and other payments to government and most especially continuing compensation for 70,000 in its workforce.

It is a privilege to be part of these response and recovery initiatives that made a difference in the lives of so many people.

We want to assure you, our shareholders, that your company continues to build for long-term value and that we will emerge from this crisis in a much stronger position.

Allow me to report to you our 2019 financial results:

Consolidated revenues reached P1.02 trillion, reflecting strong revenues from most of our major businesses.

Our Beer, Spirits, and Power businesses performed very well, allowing us to end the year with a consolidated operating income of P114.1 billion and a consolidated net income of P48.6 billion. EBITDA of P160.3 billion was 3% higher than in 2018.

The challenges facing the oil industry affected the revenue contribution of Petron.

San Miguel Foods, meanwhile, was hit by volatile input costs and supply glut in poultry. Complicating matters is the African Swine Flu that adversely affected hog and feed volumes. Thankfully, we have seen marked improvement in the performance of San Miguel Foods in the first quarter of 2020.

Clariden Holdings, Inc., our other subsidiary managing our mining assets, continues to undertake mine site activities, including in-fill drilling, that are consistent with existing mining laws and mindful of our environmental and social impact. We will continue to make sure that our country benefits from our mineral wealth as we adopt measures to deliver a more inclusive and responsible mining sector.

The disruptions resulting from the lockdown in Luzon and much of the Philippines adversely affected Top Frontier's first-quarter 2020 performance.

While the pandemic has brought about significant changes in the business landscape, it has also brought out the best in our Company.

San Miguel has quickly pivoted to support our government, medical practitioners, and the Filipino people, during this crisis. It produced disinfectant alcohol for donation to hospitals and communities. It donated flour, bread and other essential food items to respond to food security challenges during the pandemic. Moreover, its continuing donations of medical equipment, COVID-19 RT-PCR testing machines, ventilators, quarantine facilities, and PPEs substantially augmented Government efforts to limit and contain the ill-effects of COVID-19.

Through its San Miguel Foundation, it has also opened its first COVID-19 RT-PCR testing laboratory capable of processing 4,000 tests per day and expandable to 12,000. This laboratory will test all 70,000 employees and third-party providers to continue producing essential goods and providing services in the safest possible way.

As we transition to our next normal, I am confident that Top Frontier will recover its footing sooner than expected.

Our supply chains are more resilient. We are updating our operating and selling models to make these more robust to adapt to the new business environment. Our cost base remains appropriate and manageable. We are also increasing efficiencies and rationalizing spending while working to protect our cash flow and are pro-actively manage our working capital.

With these, we are pushing through with our major expansion initiatives and infrastructure projects, including our plan to build the airport. By leading the way and balancing the needs of the economy with public safety in mind, we hope to be able help restore public confidence in the economy and get our nation back on its feet. *Sama-sama babangon tayo.*

Thank you and keep safe, everyone.
