#### Supplement to Recommendation 15.1

1. Company has a reward/compensation policy that accounts for the performance of the company beyond short-term financial measures.

#### COMPLIANT

The Company is guided by the following principles in the design of the salaries and wages of its employees:

##### *Internal Equity*

The principle creates a hierarchy where positions are valued or equated based on comparable work, responsibility and output. Jobs with more complex content and greater accountability receive commensurably higher pay. The Company utilizes a job evaluation system to ensure the foregoing.

##### *External Competitiveness*

The Company's pay scale is competitive with those of comparable companies in the business community. The objective of this principle is to attract external candidates and promote employee retention.

##### *Business Affordability*

Salary structures while affected by the need to be externally competitive are still anchored on the Company's

		<p>financial capability to pay in order to achieve business performance and continued operations. This principle reinforced the thinking that the Company's ability to improve salaries and wages is largely dependent on its bottom-line to which every employee has a personal contribution to make. The principle promotes a personal stake from each employee to improve the Company's business performance.</p> <p><i>Performance-based</i></p> <p>The Company believes that good performance must be appropriately rewarded. There is a tight link between the Company's Performance Management System and its rewards systems. This principle supports the value of teamwork since employees are measured not only in their individual performance but also in the performance of their team, encouraging them to have an active concern for those in the team.</p> <p><i>Non-financial Rewards</i></p> <p>The Company uses alternative forms of recognition to reward performance. The different business units are encouraged to develop programs such as citations, awards, performance feedback and mentoring to guide good performers.</p>
